PROJECTS

NEWS EXPLORER(WEBSITE)

I developed a News application that displays news from different articles of different categories like sports, finance, politics, entertainment, etc. And there is also a search box where we can search news of a specific catagory or topic.

QUIZ APPLICATION(WEBSITE)

I have developed an Quiz application that asks general questions fetched from an open database. During the quiz, five questions will be asked, and the scores will be recorded and displayed on a leaderboard.

E-COMMERSE (WEBSITE)

I have created a static front-end design for an E-Commerce website that sells spices online using HTML, CSS, and Bootstrap. Which has four pages Home, About Us, Products, and contact.
